It's as simple as:

2. On the day of the event simply come to our stand where our team will fit you to your bike and help with any special requirements you may have.
3. Enjoy your race.
4. Simply hand your bike back to our team at the end of the ride.

With a wide range of road bikes including carbon bikes, all the way to road orientated hybrids, our fleet has something to cover the needs of everybody.

We'll also be bringing along The Pop Up Bike Shop, with full bike servicing capabilities, and offering free bike health checks at all Castle Triathlon Series events, we'll try and keep your bike running as smooth as possible. If you just want to browse we'll have a range of Craft clothing, as well as other items such as tyres, inner tubes, and puncture repair kits.
