

MARATHON

HALF MARATHON 10K RUN

Chateau de Chantilly

Marathon, Half Marathon & 10K

Runners will complete multiple laps of a 10K circuit, 1 lap for the 10K, 2 laps for the half marathon and 4 laps for the marathon. Starting in the formal gardens with the Chateau as a backdrop, competitors initially head off on the internal estate tracks towards Porte Vaillant, one of the main gates on the eastern edge of the estate. Then, heading north and after passing the otherworldly Wallaby Enclosure, runners will circumnavigate Parc de Sylvie (a woodland garden) before arriving, after 4K, at the Grille d' Honneur, the main spectator entrance to the Chateau. A small cobbled section is then followed by a 5K circuit of the world famous Hippodrome de Chantilly (racecourse). After passing the Musee du Cheval (Museum of Horses) and re-entering the estate at the Grille de Jeu de Paume, participants then have a 1.5K ramble through the Jardin Anglais and back into the formal gardens. With the finish line in sight, marathon and half marathon runners take the left hand fork, cross the formal gardens and ascend the ramp to transition before completing a 2nd lap, 3rd or 4th lap (depending on their chosen distance of the same circuit). 10K runners and those completing their 2nd or 4th laps turn right into the finishing straight and cross the finish line with the world-famous chateau backdrop, to receive their medal and classy finishing line banquet!
